

FOR IMMEDIATE RELEASE

Voice1Direct Acquires USA ISP – SpiritOne

OREGON, WASHINGTON, TEXAS, USA January 30, 2012 - Voice1Direct Ltd. (VOD.F) (<http://www.boerse-frankfurt.de>), (<http://www.boerse-berlin.com>) and its USA subsidiary, Voice1Direct Inc. is pleased to announce that it has signed an acquisition agreement for 100% of the USA ISP, SpiritOne Inc. based in Portland Oregon. SpiritOne has been offering stellar internet services for almost 15 years and currently provides fast, reliable Internet access, web hosting, and other Internet Solutions such as email and nation-wide dial up.

The synergies between Voice1Direct and SpiritOne brings obvious and immediate benefits to both parties with SpiritOne becoming a key component of an expanding global Service Provider group, fully able to deliver additional licensed carrier capabilities including new wireless and DSL products and services which bring substantial service delivery cost savings for SpiritOne, and ultimately bring increased service value to existing and new customers.

Voice1Direct has acquired this solid ISP/DSL business operation with a positive balance sheet with a net asset value of approximately USD\$500,000 and an increased active client base of 3500+ customers, with current growth annual revenues are anticipating to reach close to USD\$2m up from the current \$600K.

The acquisition agreement is based on Voice1Direct matching the purchase amount with a corresponding number of shares in Voice1Direct Ltd to the value of the acquisition price as calculated on the share price on the day that the transaction occurred and agreement signed.

David Wolfe & John Ogden from Voice1direct signing the Agreement

By combining the US operation of Voice1Direct and SpiritOne, this will strengthen and enhance the group's service provider operations across the USA and presence into other countries, as it also provides the Company with a solid and substantial data centre capability for future growth of services including, co-location, web hosting, DSL, wireless, VoIP & HD IPTV, offering increased levels of customer support capability for global customers.

About Voice1Direct Pty Ltd

Voice1Direct is a global wholesale and retail service provider, building cost effective end-to-end wireless and mobile networks - with high quality broadband service capability, including higher speeds & better coverage. Voice1Direct received its Australian Carriers License in December 2010 and plans to build its unique WiMiX networks across the country, to operate and deliver its wireless telecommunication services to rural and regional areas - targeting niche industries such as local Government authorities, regional shire councils, mining & construction and to improve and bring high speed broadband and VOIP across towns and communities. Voice1Direct's existing wireless network footprint now exceeds 10000 sq. miles across Oregon, Washington & Texas, USA.

Voice1Direct is implementing a Strategic Growth Plan (SGP) worldwide, via share market, equity funds & capital investment programs, allowing the expansion of its wireless infrastructure and services into other international markets.
